# ADDING DISTRIBUTORS

For Your Make Ready Armz Site

Step 1

Add First Vendor

Once we receive your first form submission. We will then establish your digital catalog and follow up with details.

Fill out Distributor form Here .

Step 2

Choose All Products From 1st Vendor.

Ideally you will start with RSR Group because they have the most overlapping products. Choose all products from the first vendor before trying to add the 2nd vendor.

See tutorial Here

Step 3

Add Second Vendor

Fill out Distributor form Here .

Step 4

Run Cross Map

This will find the any products that both vendors have available and combines them, so you do not have to choose them in the 2nd vendor catalog. Only products not chosen will remain in the vendors catalog.

Place Ticket to have us start process

Step 5

Choose All Products From 2nd Vendor

See tutorial Here

Repeat process.
